PRICING

Description	Amount
Surface preparation — mask and protect tiles, vanity, mirror, walls and floor; full sand of both ensuite ceilings to even out the faded, uneven finish and key the surface for re-coating	\$580.00
Protective re-coat — two to three coats of Resene Aquaclear satin (waterborne, low-odour, moisture-resistant) across both ensuite ceilings in full, with a light sand between coats	\$670.00
Subtotal (excl. GST)	\$1,250.00
GST (15%)	\$187.50
Total (incl. GST)	\$1,437.50

WHAT'S INCLUDED

- ✓ Masking and protection of tiles, vanity, mirror, walls and floor
- ✓ Full sand of both ceilings to even out the faded, uneven finish
- ✓ Two to three coats of moisture-resistant waterborne clear (Resene Aquaclear satin)
- ✓ Both ceilings sanded back and recoated in full for an even sheen and refreshed finish
- ✓ Day-one test patch to confirm coating type and sheen match
- ✓ Site clean-up on completion

NOT INCLUDED

- Colour restoration of UV-faded timber — a clear coat protects but adds no colour, so faded areas stay lighter (toning available as a separate option)
- Full strip-back if the existing finish proves to be a penetrating oil (quoted separately if found)
- Repairs to water-damaged or delaminated veneer, or panel replacement
- Walls, joinery or any surface beyond the two ensuite ceilings
- Upgrades to shower extraction or ventilation

TERMS & CONDITIONS

- 30% deposit required to secure booking
- Balance due on completion
- Price valid for 30 days from quote date
- A test patch is carried out on the first day to confirm coating compatibility before the full coats go on
- Assumes the existing finish is a film coat — a penetrating oil needing full strip-back is quoted separately
- Scheduling from July, once the tenants have vacated, to manage fumes and allow the coating to cure
- Site access arranged with the tenants — note two dogs on site
